I'm seeing signs that the "Plan" to throw jabbers under the bus may be materializing. The rats are deserting the ship. The CEO of YouTube has quit. So have the PM's of Scotland and New Zealand. Both YouTube and Twitter now carry information on adverse reactions. As the "vaccine" genocide gathers steam and becomes well known, it's inevitable that everyone associated with the COVID hoax -- politicians, the mass media and medicine--will be discredited and possibly jailed.
